

New Client Specials Details:

First Class - \$25 May be purchased by new clients only or anyone who hasn't visited Formation Pilates LA in 1 year. You may only purchase one class for any single service you decide (cannot purchase multiple classes for various services at this price).

First Month - \$149 May be purchased by new clients. You can come to unlimited classes for 1 month and there is no required commitment. You will only be charged once and you are not enrolling in an auto-renewing contract, just the one time payment of \$149. Your 1 month does not activate the day you purchase it, but instead when you sign up for your first class. All we ask is that the first class you sign up for be the day you want your month to start.

Special offer!

If you would like to try a class before you commit to the first month for \$149 we will allow you to take your first class then apply that \$25 towards your \$149! Just tell the front desk after your class. Your first month will activate that day you take the first class and will be valid for 1 month.
